Work Experience

March 2020 – May 2020 **Internship at Clique Menswear part-time**

Outline:

Worked with a fashion team in direct sales as well as the IT department to create spreadsheets for the company's finances.

Key Responsibilities:

- Using my IT skills to develop spreadsheets on Microsoft Excel
- Gain an insight into accounting and auditing in the retail fashion industry
- Use excellent presentation and negotiation skills to increase product sales
- Make good relations with long-term customers and other companies to develop a sense of

trust with them

- Work with the company Accountant/Auditor to calculate VAT and overall net flow of cash
- Expected to dress appropriately and present a professional front towards the customers

Independent research project on artificial intelligence which was published on my school's magazine

Achievements:

- Enhanced my presentation skills and increased my confidence
- Researching about artificial intelligence expanded my knowledge and understanding on the topic
- Gained further practice of communication skills

Responsibilities:

- Asked to research the uses of artificial intelligence and evaluate its effectiveness
- Present the findings of my research to my peers
- I was offered to publish my report in the school magazine in order to raise awareness about the importance of artificial intelligence to my younger peers

September 2021-July 2022 Elected as school prefect by the teaching body and principal

Achievements:

- Demonstrated good leadership skills
- Demonstrated my organisational skills to coordinate the students during lunch hour
- Aided teachers in several school open days and communicated well with parents and potential future students
- Attended meetings with teachers as the students' representative to voice their views and concerns in order to improve the conditions within the school

Responsibilities:

- Representing the student body and the school
- Set a positive example to younger pupils
- Demonstrating excellent teamwork and collaboration skills towards other prefects and members of staff
